Things (burgers) to aspire to...

Rustic Canyon Wine Bar *Bring it on – bring it all on!*

then I received word that Rustic Canyon is bringing back its popular **Burger and Beer Mondays**. In addition to the Niman Ranch burger (\$16) I enjoyed last Wednesday, each Monday night Chef Evan Funke will add two specialty burgers (paired with specialty beers from artisan producers) to the menu, as well. This past week it was a **Breakfast Burger** with hash browns, confit bacon, sunny side-up egg and Tillamook cheddar cheese; and a **Bolognese Burger** made of bolognese ragu and topped with burrata mozzarella and wild arugula.

I'm not feeling so cocky any more...

This coming Monday, March 1st, the restaurant will feature the **Breakfast Burger** and **Lobster Roll Burger** pictured above.

I think I may still need a few rounds with the original (*darn!*) before I can take on a patty with eggs and lobster, but I've got this Monday night madness on my radar. One day it *will* happen.

It will happen. And when it does, I *will* shout it from the rooftops – even if it is the rooftop of Cedar Sinai Medical Center.
